COLLABORATIVE SCIENCE TRAINING

The CAIRIBU Interactions Core is launching a virtual team science training initiative, **March 2023-July 2023**. This 5-part workshop series will cover how to form, launch, and manage interdisciplinary research teams. **All CAIRIBU and affiliated investigators, from trainees to established investigators, are encouraged to participate in all or parts of the series.** Investigators from the broader urologic community are also encouraged to participate. Sessions are once a month; additional optional activities are planned. **ASYNCHRONOUS PARTICIPATION AVAILABLE.** Participants completing all sessions will earn a digital certificate. Series led by **Dr. Whitney Sweeney**, Team Science Expert at University of

Wisconsin-Madison.
