

# CAIRIBU Student Research Jamboree

Number of Students at O'Brien Centers

# CAIRIBU Student Research Jamboree: From Organs to Environment

## Session 1 | Moderator: Dr. James Brooks

- *in vivo* models dissect mechanisms underlying prostate enlargement and lower urinary tract dysfunction

## Session 2 | Moderator: Dr. Johanna Hannan

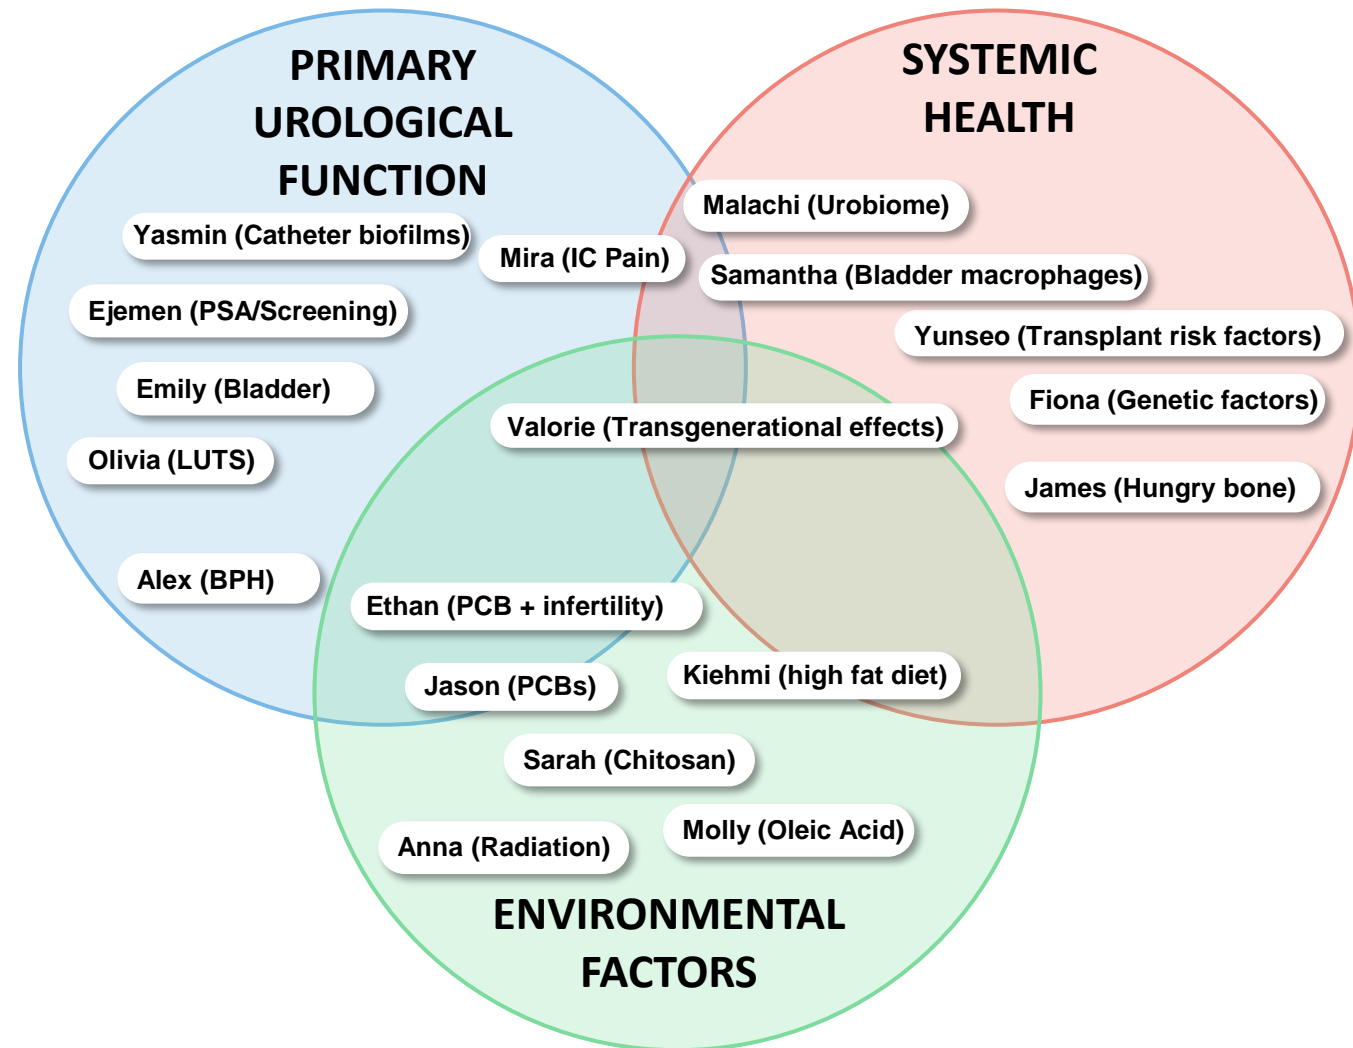

- Internal and environmental factors alter bladder and kidney function

## Session 3 | Dr. Nicole De Nisco

- Intersection of internal and environmental health factors in urinary health

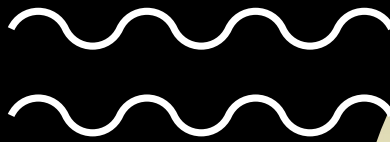

## Session 4 | Dr. Nicholas Steers

- Hormonal cues and cellular lineage affect organ development and remodeling

“Those who do  
nothing, break  
nothing”

- Jacques Cousteau

Alex's mom working with  
Jacques Cousteau

Alex broke a syringe  
her first week!
